There are also fewer than 4,680 seats, so it's intimate, even with capacity. What kind of events can I see here? This is the place for musical acts, comedy shows, movies, dance performances and travel Broadway shows - so, basically, everything you want. What Intel can provide to the theater itself? Are the seats comfortable and the view great? The acoustics in the theatre are great, and it's hard to find a really bad spot at home. You need to ask for a satisfactorizer for your seat to give your little ones a better view. Are you dying to reveal any other tips or details?
